

**BENEFITING THE UNIVERSITY OF MARYLAND MARLENE AND STEWART GREENEBAUM COMPREHENSIVE CANCER CENTER
JUNE 15, 2024**

At the University of Maryland Marlene and Stewart Greenebaum Comprehensive Cancer Center (UMGCCC), philanthropy helps to achieve vital growth by supporting advancements in cancer research, discovery and patient care. By making a tax deductible gift in support of UMGCCC, you become a partner in advancing and strengthening healthcare excellence. Funds raised from this year's regatta will support innovative cancer research. By investing in discovery-based medicine, you enable UMGCCC faculty and staff to provide the most advanced care and develop more cutting-edge treatment therapies to help patients live longer.

- First cancer center in Baltimore/Washington area to offer CAR-T cell therapy for aggressive B cell lymphomas; and now for several types of B cell lymphoma, leukemia and myeloma.
- Leader in addressing cancer disparities, with research focused on improving access to care and treatment outcomes for minorities.
- Galeterone, a drug invented at UMGCCC by Dr. Angela Brodie & Dr. Vincent Njar, has shown significant activity against advanced prostate cancer. More recent studies are promising in laboratory models of pancreatic cancer. A clinical trial is underway.
